

This document is specific to resolving **Internet Explorer** related browser issues that you face while using **Cardinal Station** and **Cardinal Financials**.

Click **Tools** and then click **Internet options**.

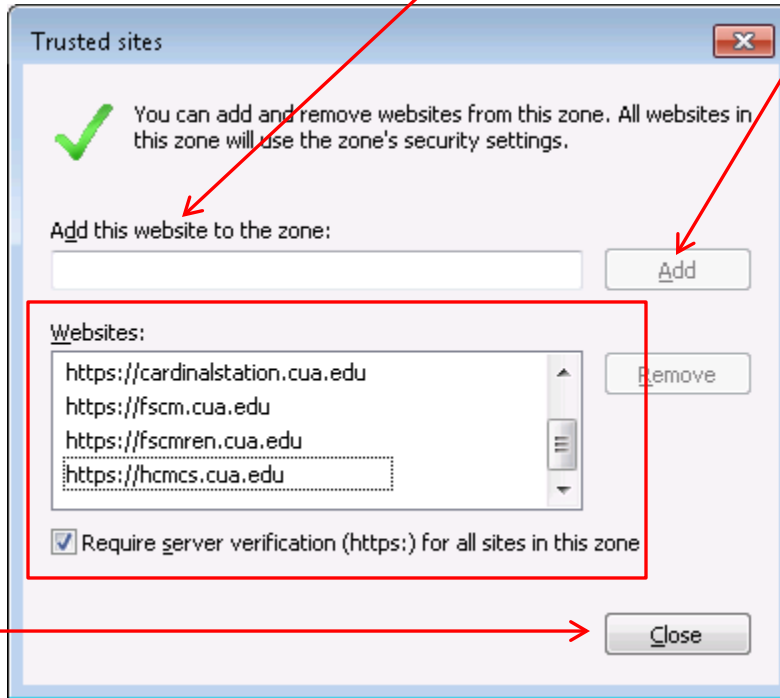

Click on the **Security** tab and then click on the green **Trusted Sites**. Then move the slider to **Medium-Low** position. If you are unable to see a slider, click on the button **Default Level**. Then click on the **Sites** button.

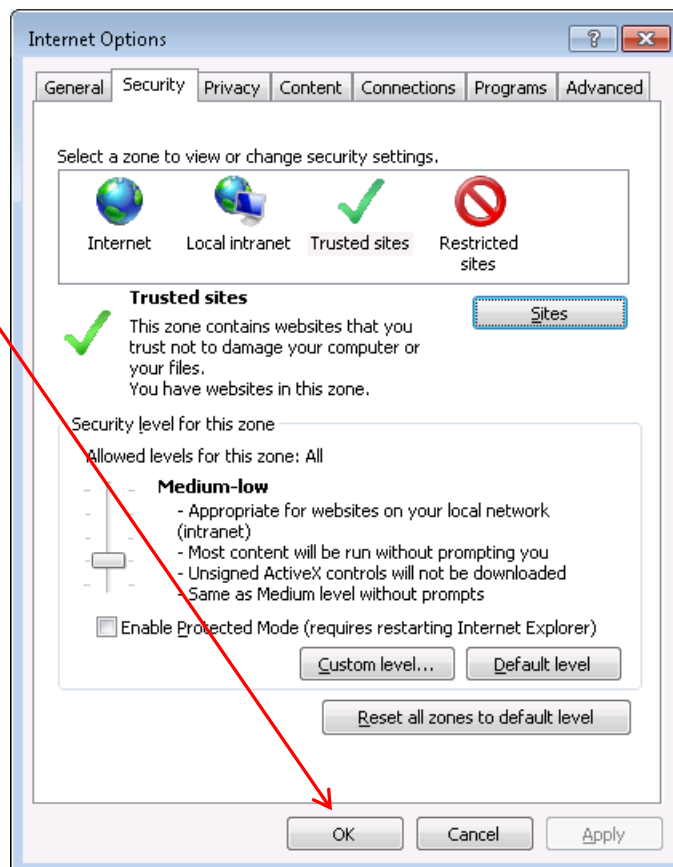

Ensure that <https://hcmcs.cua.edu> and <https://cardinalfinancials.cua.edu> are on you Websites list. If they are not on the list, copy them from above and paste them in the **Add this website to the zone** and then click **Add**. It will then be added to the list of websites.

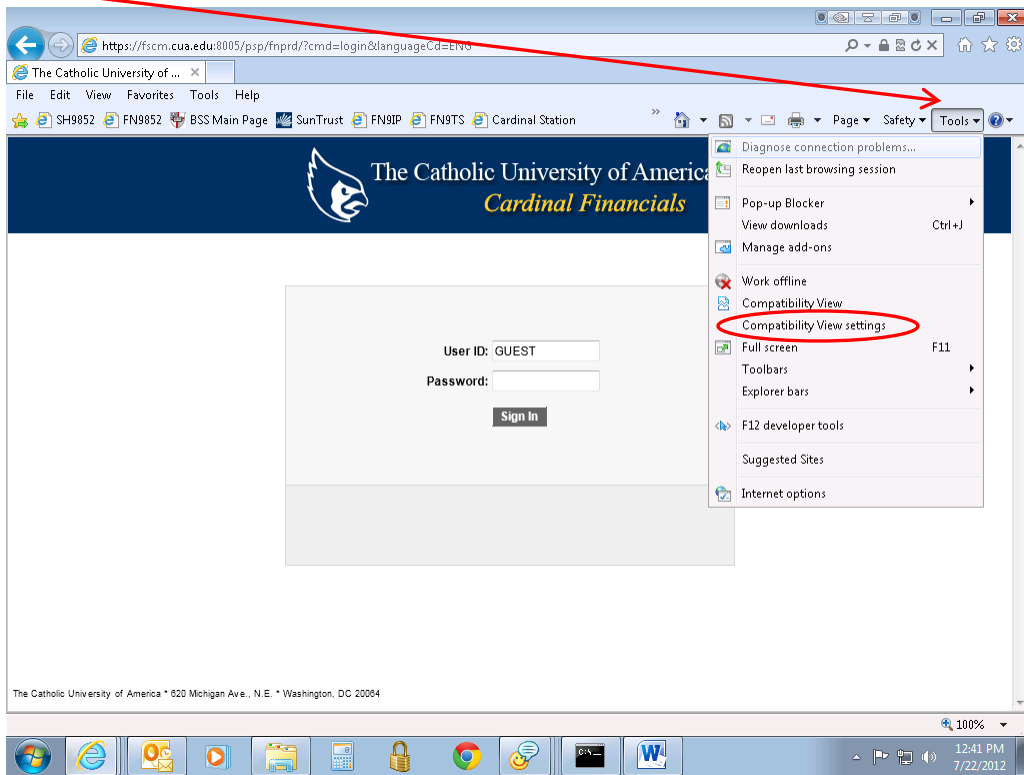

Then click **Close**.

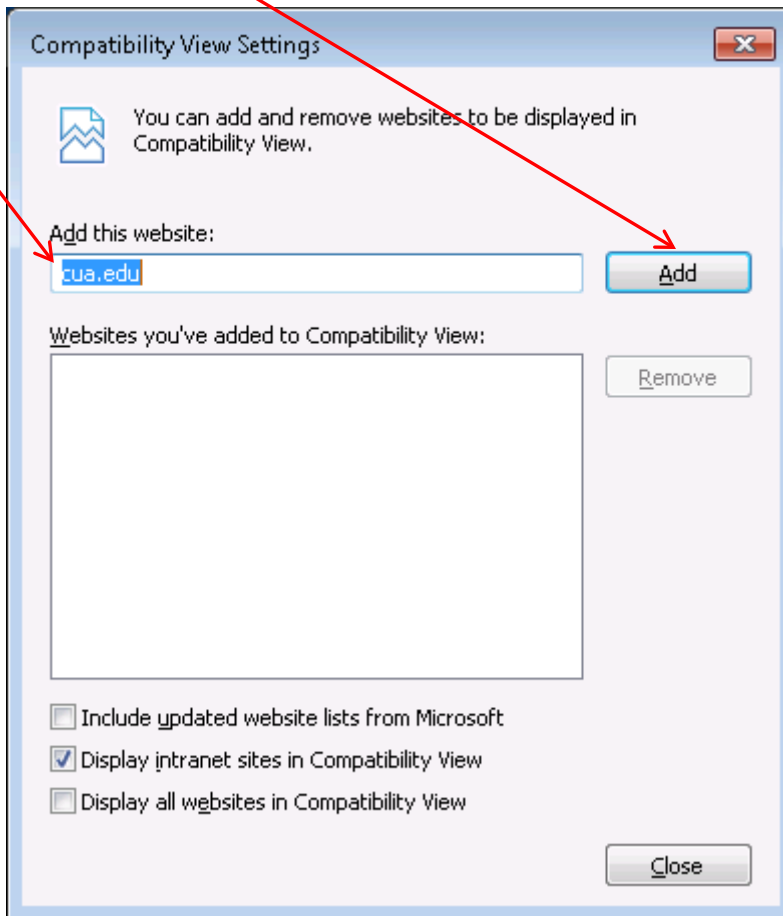

Click **OK** to apply these changes.

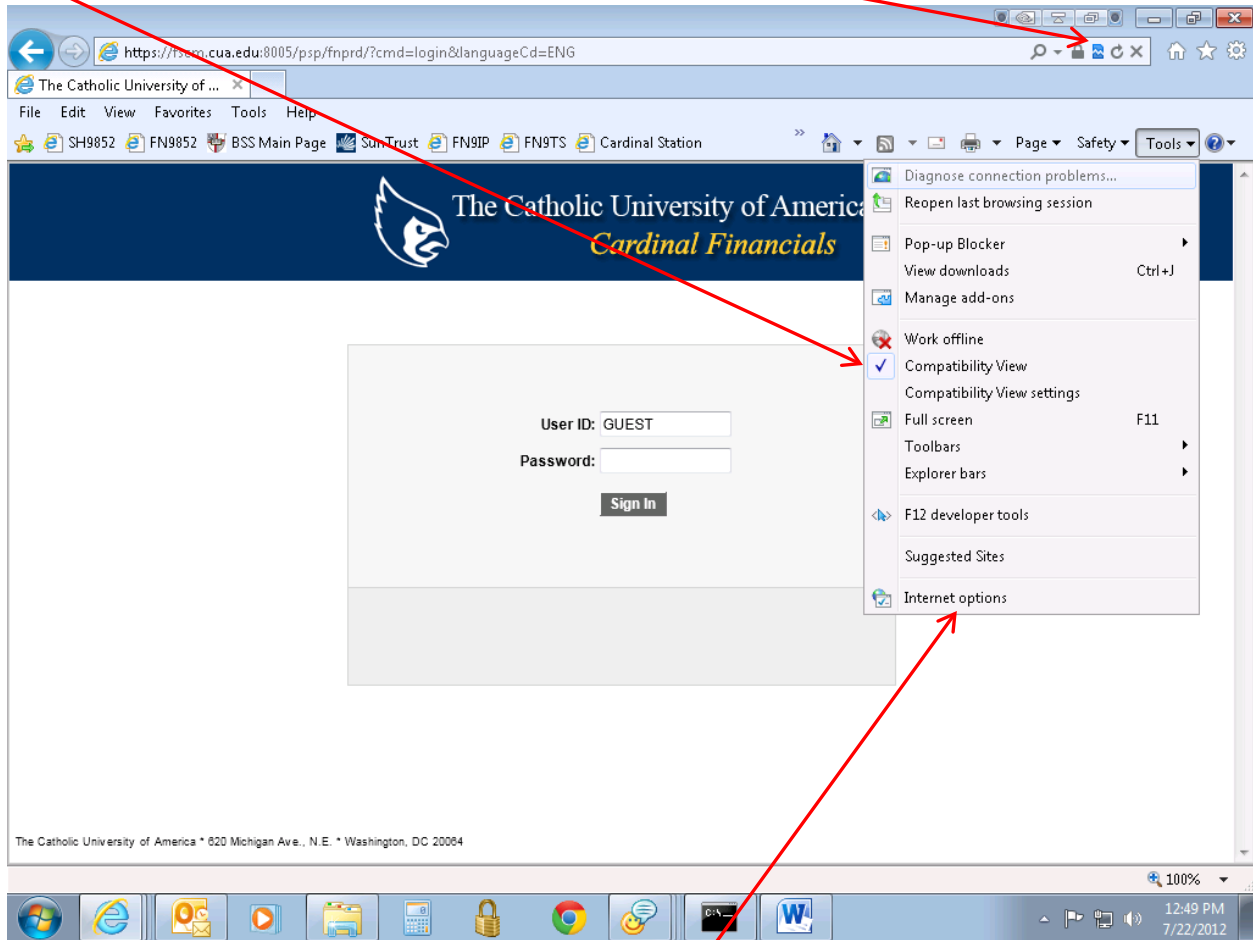

Click **Tools** and then click **Compatibility View Settings**.

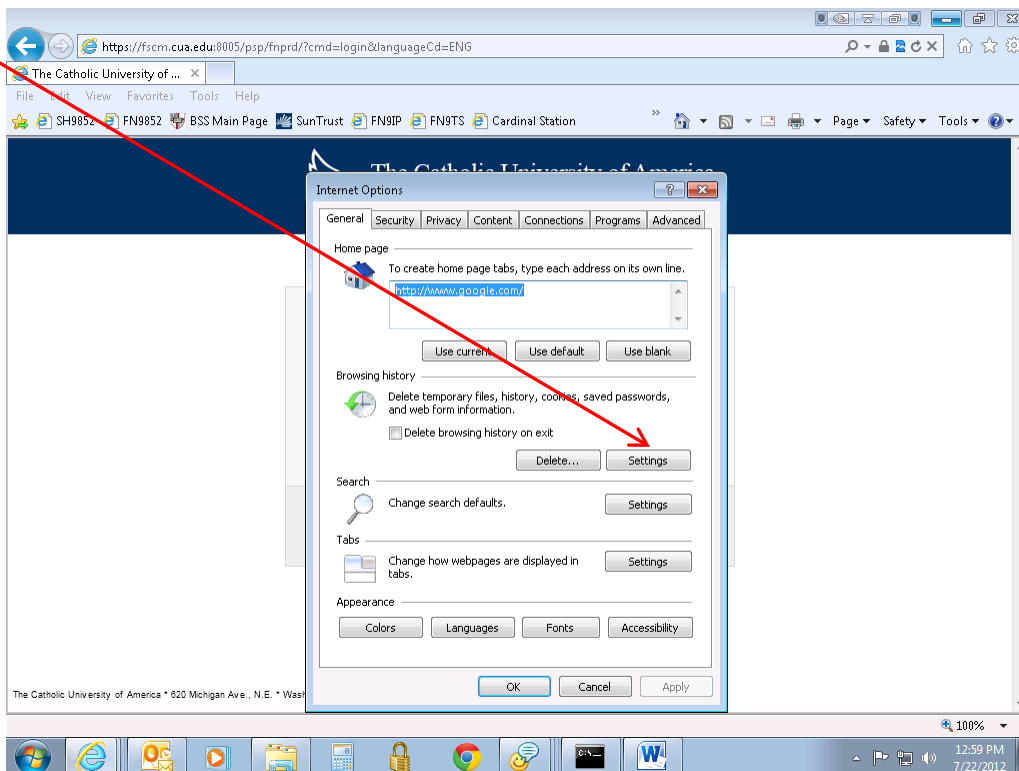

Type **cua.edu** here and then click **Add**. Then click **Close**.

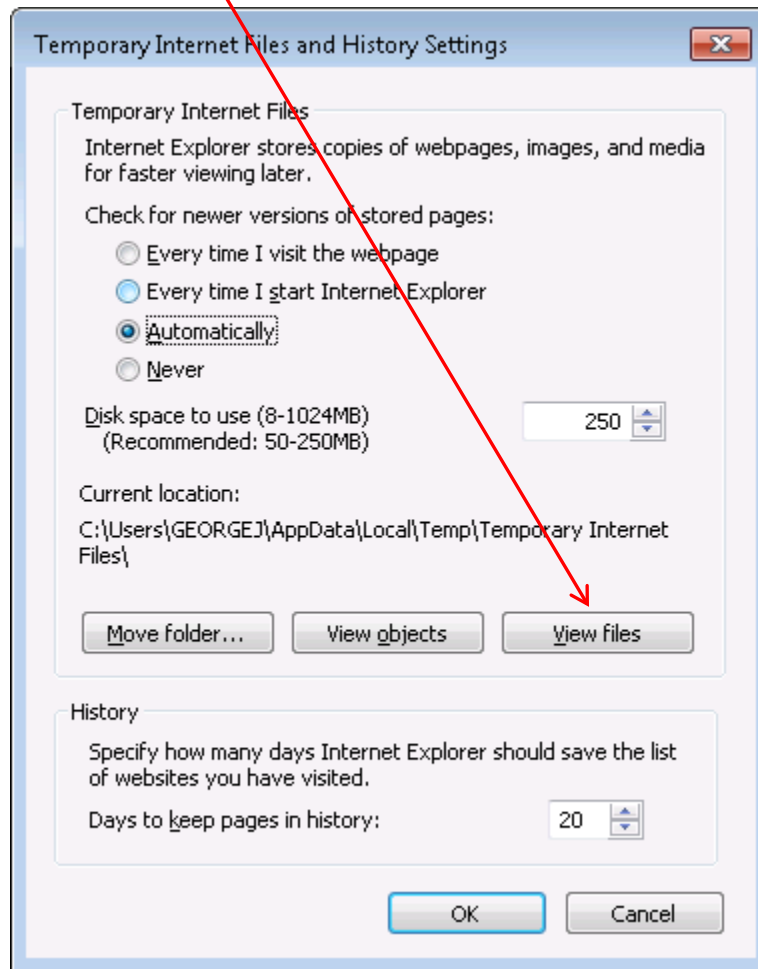

This **Check** next to Compatibility View or the blue tinge on this **Icon** indicates that Compatability View is enabled.

On ensuring that **Compatibility View** is enabled, click on **Internet Options**. Clear your browsing history by clicking on **Setting**.

On the new window that opens, click on **View Files**.

This action will open another window, where you should select all the files in the area marked below and delete them.
